Dear

25X1

Attached hereto my proposed schedule for visiting the Reseda, Kausi and Japan installations of FBIB. I leave the detailed arrangements for my visit to Hawaii in your hands. However, I think after seeing your station and going over your problems with you that I should like to spend a couple of days in Hawaii talking to Army officials and trying to get the G-2 viewpoint on the value of our service, as well as the Signal Corps viewpoint on our communications in front of the Commanding General, or at least as near to him as I possibly can.

Probably the best time to transact my business on Cahu will be on my return from Japan. Perhaps it will take the full time or perhaps it will take only a day or two. At any rate, please allow me at least two days on Cahu to transact my business. Otherwise I will be at your disposal to see what there is to see and discuss whatever there is to discuss in whatever manner and at whatever time you see fit to arrange.

## Sincerely,

This document part of closeified integrated file. Unit 2000 K required prior to individual classification action.

L. K. WHITE Chief, PBIB
